SAFETY  
SPEEDING

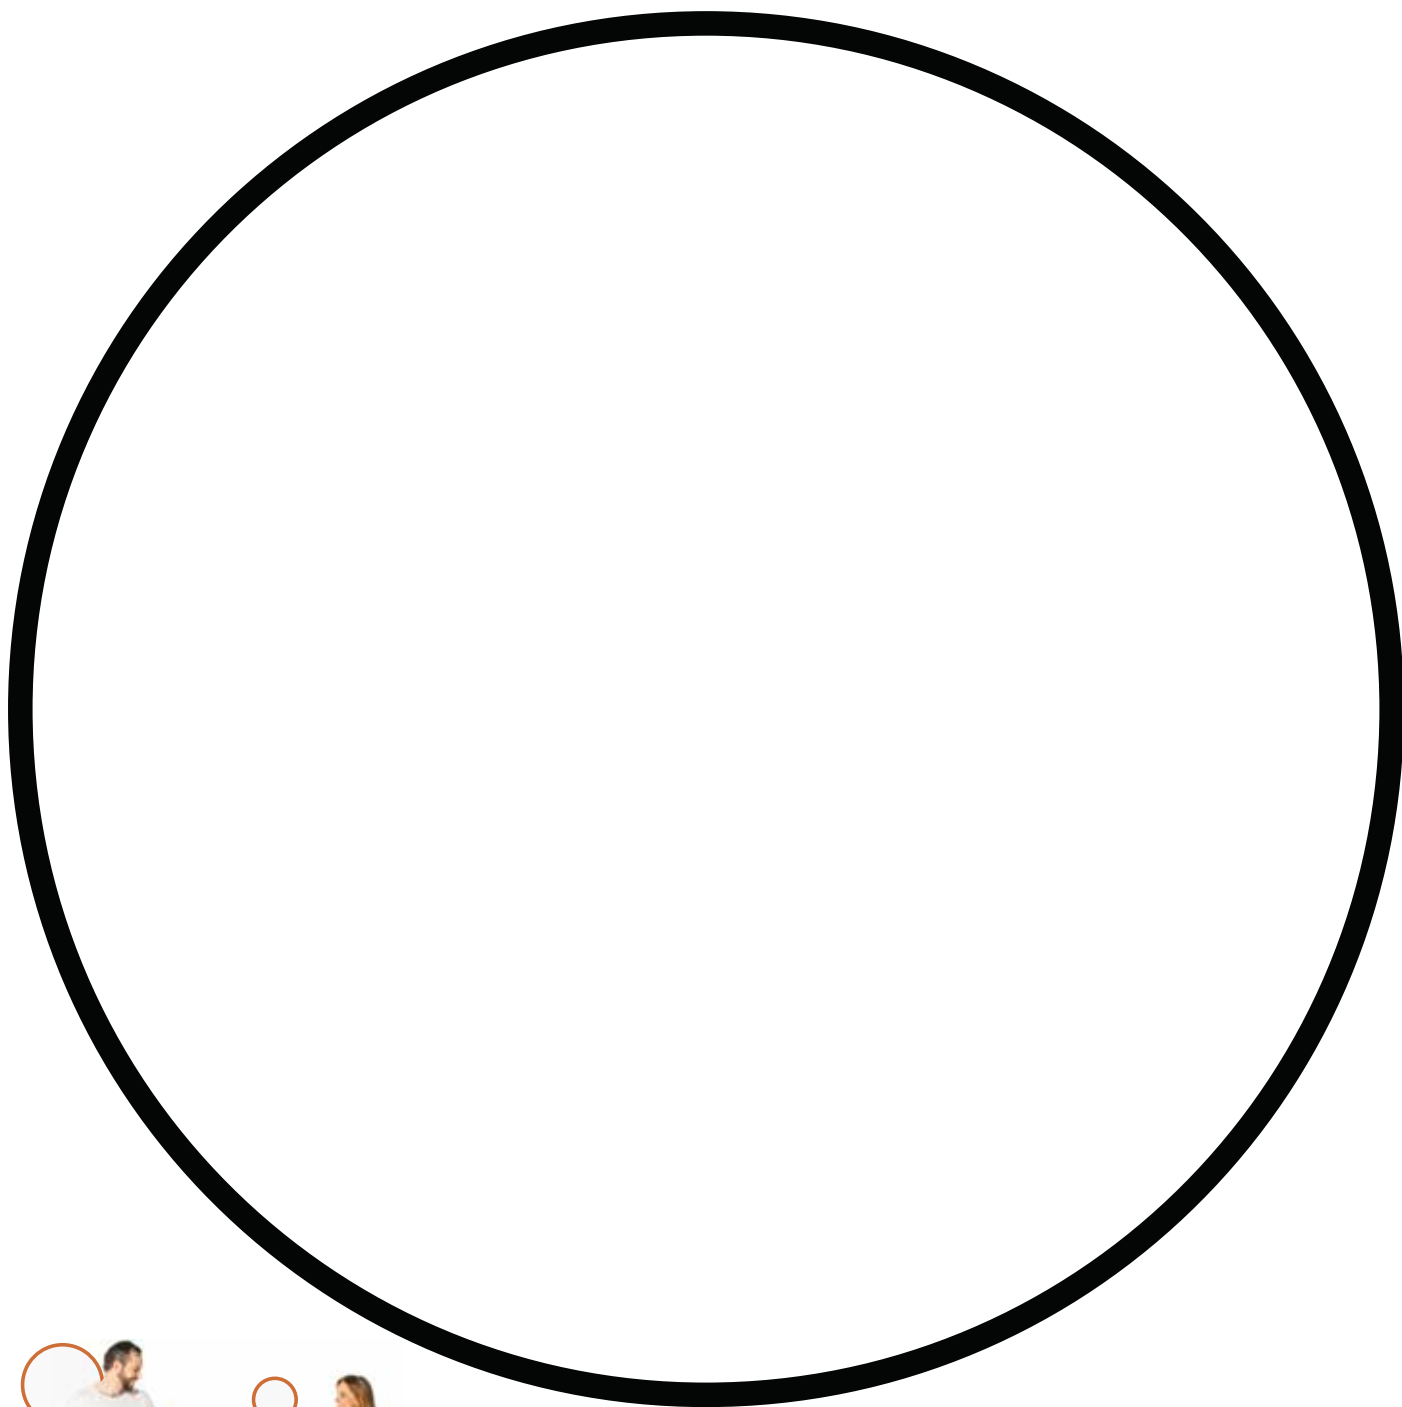

Answers can be found on page 12

## Design a Road Safety Sign

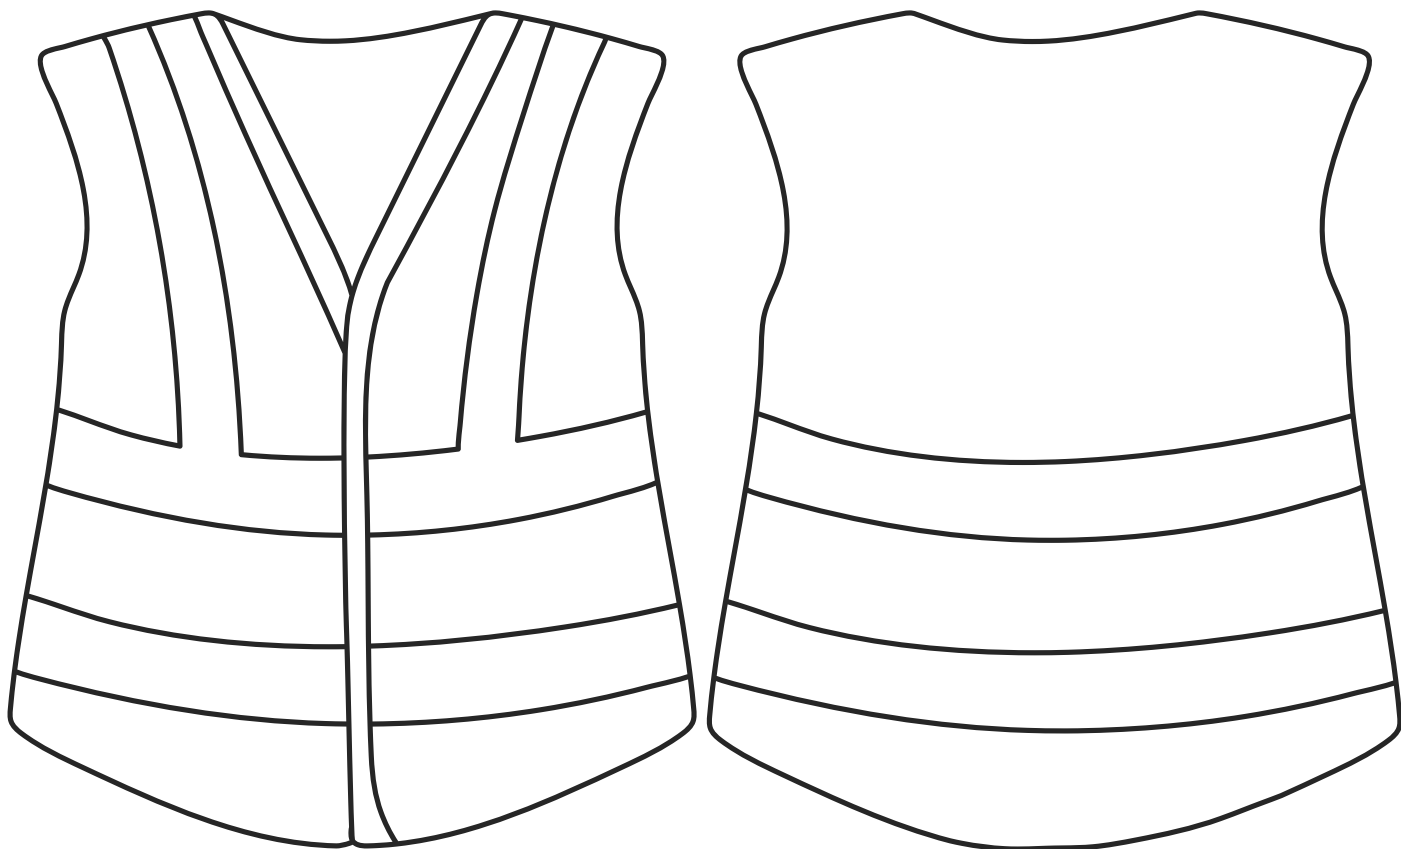

Grab the colouring in pencils and design your own road safety sign to encourage people to drive safely.

## Colour in your own Hi-vis Jacket

Wearing a hi-vis jacket helps you to be seen by the drivers on the road.  
Design your own hi-vis jacket with bright colours.

## Quiz Board Game

### Instructions:

2-4 players, suitable for children 4+.

The aim of the game is to get from 70 miles per hour to 0 miles per hour before you reach the end of the road. The first one who gets to 0mph wins. An adult can help you to cut out your board, cars, speedometers, and question cards. Then you can start playing!

### How to play:

Take turns rolling the dice and picking a question from the pack.

If you get the question right, slow down 10 miles per hour and stay where you are on the board. You can use your speedometer to keep track of what speed you're on.

If you get the question wrong, move forward as many spaces as you roll on the dice.

Play until someone wins by reaching 0 miles per hour first or being the only one not to reach the end of the road.

### Questions:

Cut out the questions cards on pages 10 and 11.

Answers for the quiz can be found on page 12.

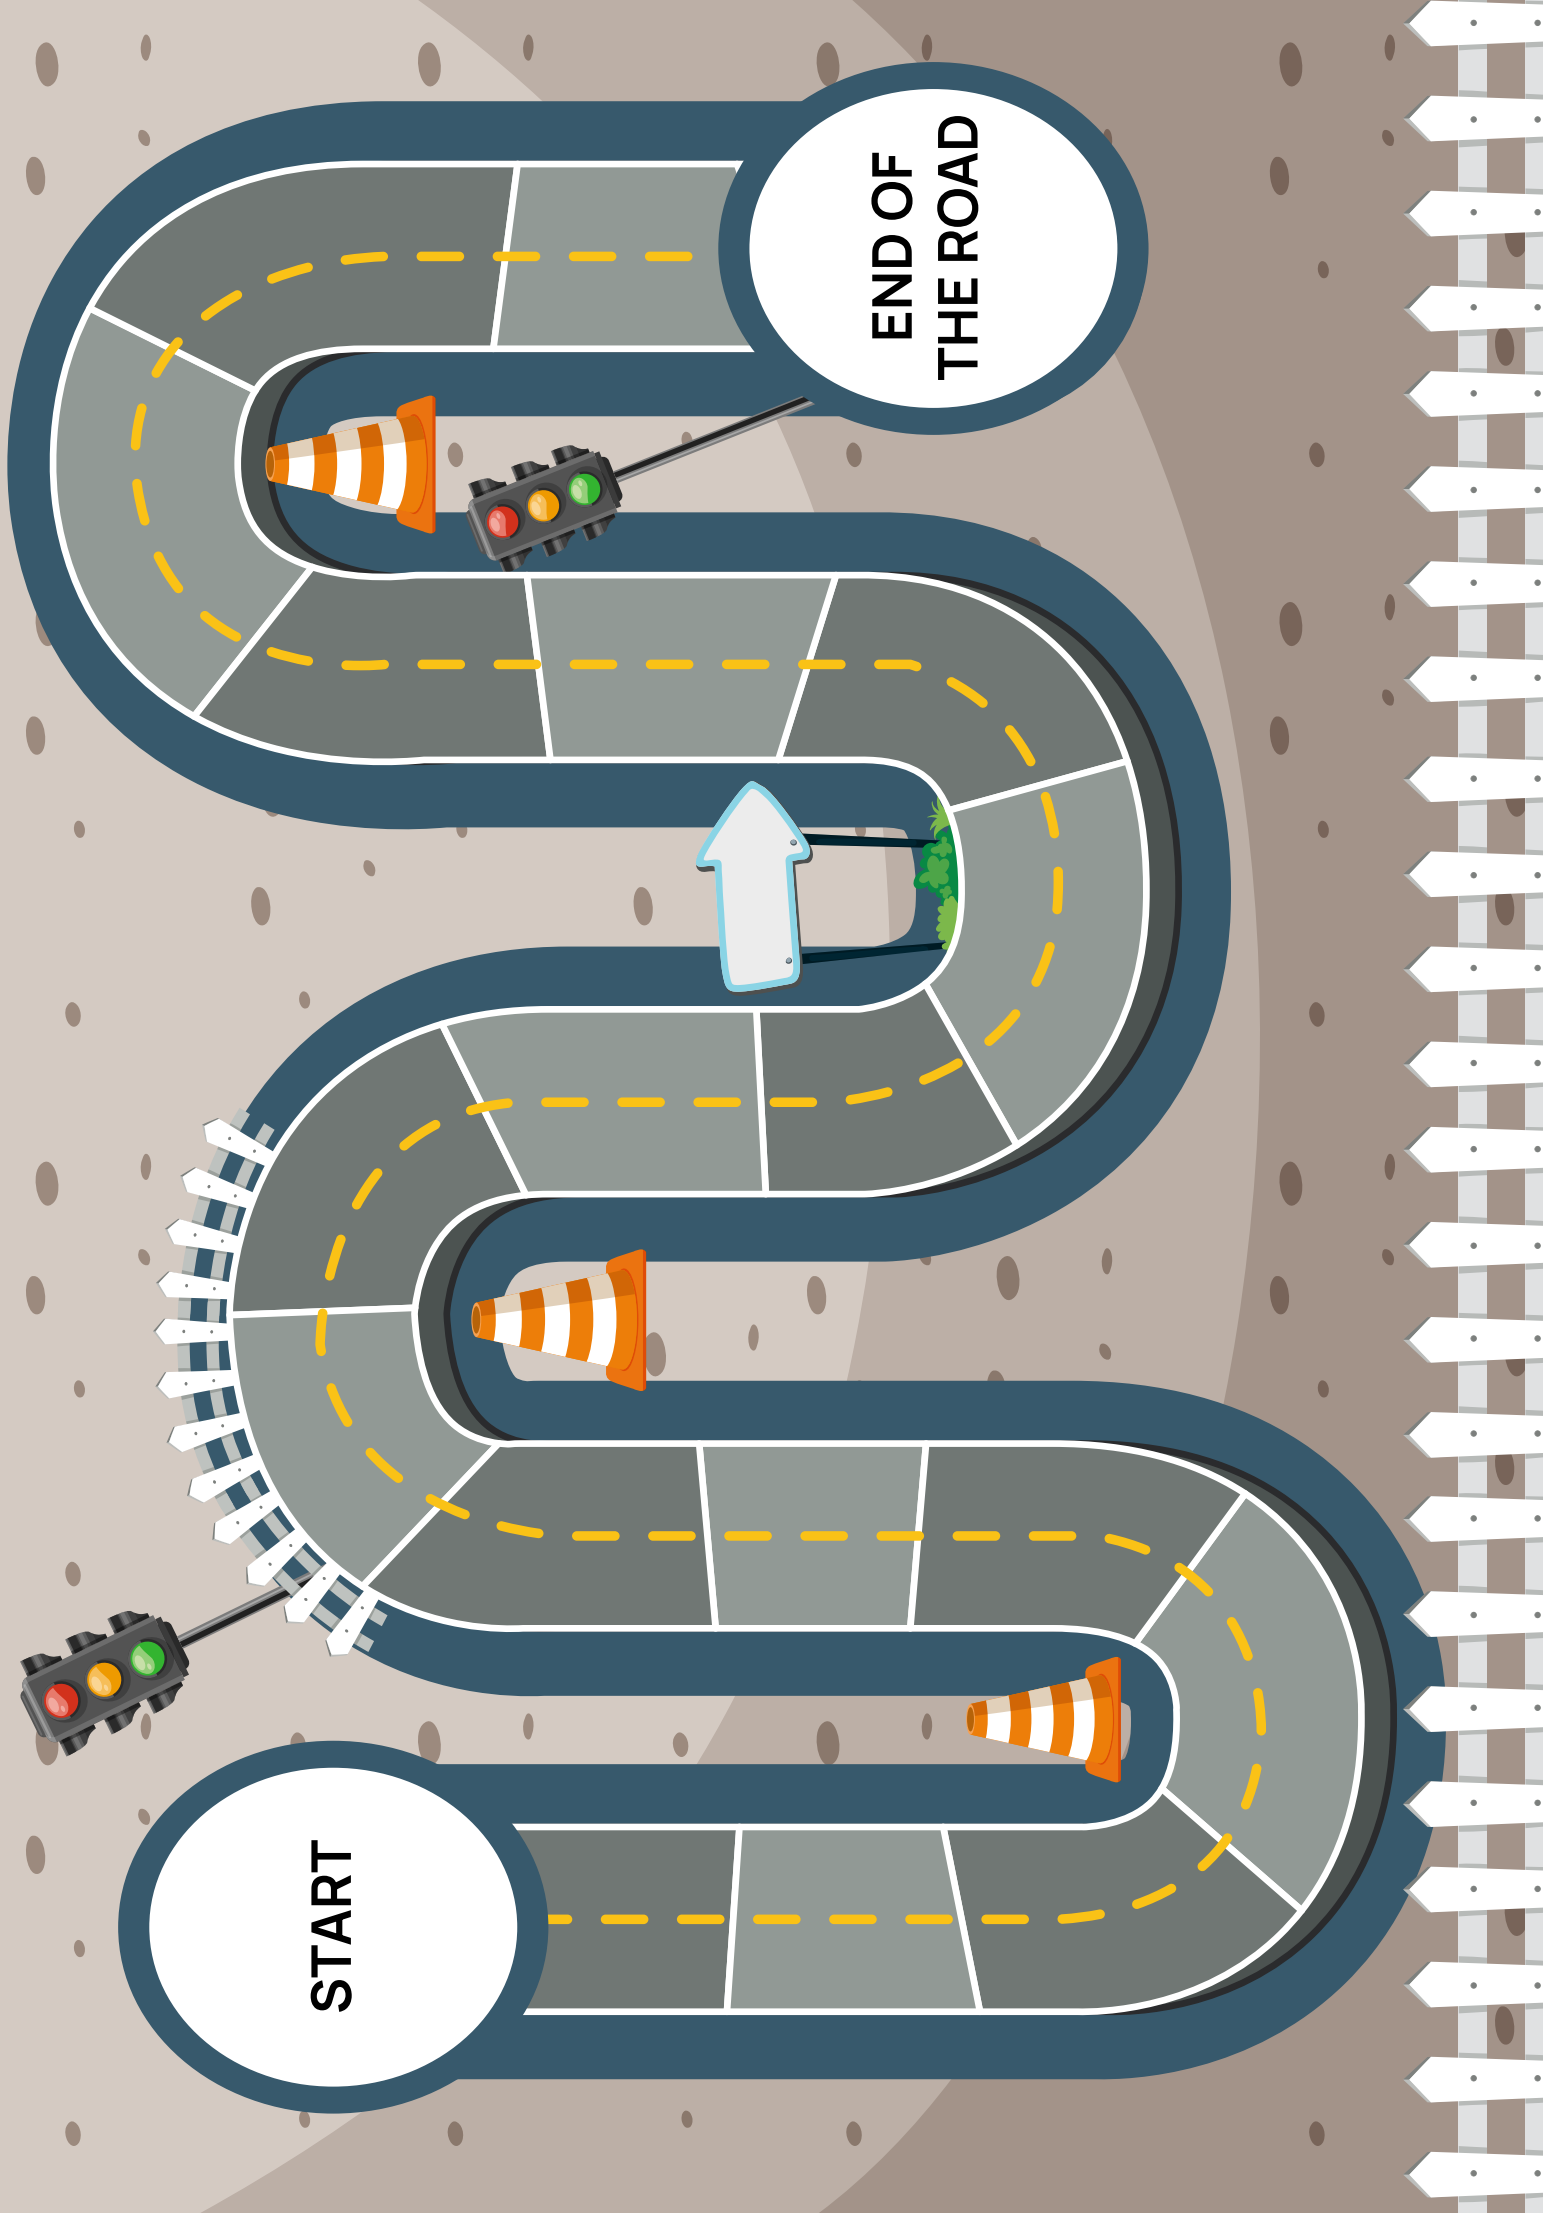

Scorecard

Keep track of your scores through the game!

Please print this page one sided.

Speed	Player 1	Player 2	Player 3	Player 4
70mph				
60mph				
50mph				
40mph				
30mph				
20mph				
10mph				
0mph				

END OF  
THE ROAD

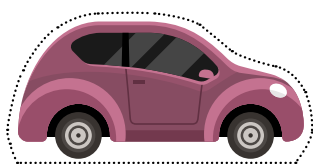

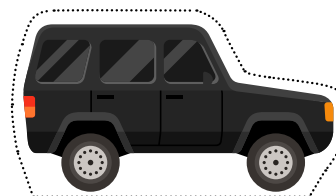

START

## Game Counters

Print this page on one side to cut out the cars.

## Game Counters
